HOUSE EXPENSES

Total Operating Expense 11,894,570 12,158,288

LEGISLATORS' SALARIES - SENATE

Total Operating Expense 2,405,318 2,405,318

SENATE EXPENSES

Total Operating Expense 9,893,709 11,162,575

Included in the above appropriations for house and senate expenses are funds for a legislative business per diem allowance, meals, and other usual and customary expenses associated with legislative affairs. Except as provided below, this allowance is to be paid to each member of the general assembly for every day, including Sundays, during which the general assembly is convened in regular or special session, commencing with the day the session is officially convened and concluding with the day the session is adjourned sine die. However, after five (5) consecutive days of recess, the legislative business per diem allowance is to be made on an individual voucher basis until the recess concludes.

Each member of the general assembly is entitled, when authorized by the speaker of the house or the president pro tempore of the senate, to the legislative business per diem
allowance for every day the member is engaged in official business.

The legislative business per diem allowance that each member of the general assembly is entitled to receive equals the maximum daily amount allowable to employees of the executive branch of the federal government for subsistence expenses while away from home in travel status in the Indianapolis area. The legislative business per diem changes each time there is a change in that maximum daily amount.

In addition to the legislative business per diem allowance, each member of the general assembly shall receive the mileage allowance in an amount equal to the standard mileage rates for personally owned transportation equipment established by the federal Internal Revenue Service for each mile necessarily traveled from the member's usual place of residence to the state capitol. However, if the member traveled by a means other than by motor vehicle, and the member's usual place of residence is more than one hundred (100) miles from the state capitol, the member is entitled to reimbursement in an amount equal to the lowest air travel cost incurred in traveling from the usual place of residence to the state capitol. During the period the general assembly is convened in regular or special session, the mileage allowance shall be limited to one (1) round trip each week per member.

Any member of the general assembly who is appointed by the governor, speaker of the house, president or president pro tempore of the senate, house or senate minority floor leader, or Indiana legislative council to serve on any research, study, or survey committee or commission, or who attends any meetings authorized or convened under the auspices of the Indiana legislative council, including pre-session conferences and federal-state relations conferences, is entitled, when authorized by the legislative council, to receive the legislative business per diem allowance for each day the member is in actual attendance and is also entitled to a mileage allowance, at the rate specified above, for each mile necessarily traveled from the member's usual place of residence to the state capitol, or other in-state site of the committee, commission, or conference. The per diem allowance and the mileage allowance permitted under this paragraph shall be paid from the legislative council appropriation for legislator and lay member travel unless the member is attending an out-of-state meeting, as authorized by the speaker of the house of representatives or the president pro tempore of the senate, in which case the member is entitled to receive:

(1) the legislative business per diem allowance for each day the member is engaged in approved out-of-state travel; and

(2) reimbursement for traveling expenses actually incurred in connection with the member's duties, as provided in the state travel policies and procedures established by the legislative council.

Notwithstanding the provisions of this or any other statute, the legislative council may adopt, by resolution, travel policies and procedures that apply only to members of the general assembly or to the staffs of the house of representatives, senate, and legislative services agency, or both members and staffs. The legislative council may apply these travel policies and procedures to lay members serving on research, study, or survey committees or commissions that are under the jurisdiction of the legislative council. Notwithstanding any other law, rule, or policy, the state travel policies and procedures established by the Indiana department of administration and approved
by the budget agency do not apply to members of the general assembly, to the staffs of the house of representatives, senate, or legislative services agency, or to lay members serving on research, study, or survey committees or commissions under the jurisdiction of the legislative council (if the legislative council applies its travel policies and procedures to lay members under the authority of this SECTION), except that, until the legislative council adopts travel policies and procedures, the state travel policies and procedures established by the Indiana department of administration and approved by the budget agency apply to members of the general assembly, to the staffs of the house of representatives, senate, and legislative services agency, and to lay members serving on research, study, or survey committees or commissions under the jurisdiction of the legislative council. The executive director of the legislative services agency is responsible for the administration of travel policies and procedures adopted by the legislative council. The auditor of state shall approve and process claims for reimbursement of travel related expenses under this paragraph based upon the written affirmation of the speaker of the house of representatives, the president pro tempore of the senate, or the executive director of the legislative services agency that those claims comply with the travel policies and procedures adopted by the legislative council. Additional Early College sites may not be established unless approved by the Commission for Higher Education. The Commission shall notify the budget committee whenever the Commission approves a new Early College site.

The above appropriations do not include funds for the course development grant program.
The sums herein appropriated to Indiana University, Purdue University, Indiana State University, University of Southern Indiana, Ball State University, Vincennes University, and Ivy Tech Community College are in addition to all income of said institutions, respectively, from all permanent fees and endowments and from all land grants, fees, earnings, and receipts, including gifts, grants, bequests, and devises, and receipts from any miscellaneous sales from whatever source derived.

All such income and all such fees, earnings, and receipts on hand June 30, 2017, and all such income and fees, earnings, and receipts accruing thereafter are hereby appropriated to the boards of trustees or directors of the aforementioned institutions and may be expended for any necessary expenses of the respective institutions, including university hospitals, schools of medicine, nurses’ training schools, schools of dentistry, and agricultural extension and experimental stations. However, such income, fees, earnings, and receipts may be used for land and structures only if approved by the governor and the budget agency.

The above appropriations to Indiana University, Purdue University, Indiana State University, University of Southern Indiana, Ball State University, Vincennes University, and Ivy Tech Community College include the employers' share of Social Security payments for university employees under the public employees' retirement fund, or institutions covered by the Indiana state teachers' retirement fund. The funds appropriated also include funding for the employers' share of payments to the public employees' retirement fund and to the Indiana state teachers' retirement fund at a rate to be established by the retirement funds for both fiscal years for each institution's employees covered by these retirement plans.

The treasurers of Indiana University, Purdue University, Indiana State University, University of Southern Indiana, Ball State University, Vincennes University, and Ivy Tech Community College shall, at the end of each three (3) month period, prepare and file with the auditor of state a financial statement that shall show in total all revenues received from any source, together with a consolidated statement of disbursements for the same period. The budget director shall establish the requirements for the form and substance of the reports.

The reports of the treasurer also shall contain in such form and in such detail as the governor and the budget agency may specify, complete information concerning receipts from all sources, together with any contracts, agreements, or arrangements with any federal agency, private foundation, corporation, or other entity from which such receipts accrue.

All such treasurers' reports are matters of public record and shall include without limitation a record of the purposes of any and all gifts and trusts with the sole exception of the names of those donors who request to remain anonymous.

Notwithstanding IC 4-10-11, the auditor of state shall draw warrants to the treasurers of Indiana University, Purdue University, Indiana State University, University of Southern Indiana, Ball State University, Vincennes University, and Ivy Tech Community College on the basis of vouchers stating the total amount claimed against each fund or account, or both, but not to exceed the legally made appropriations.
For universities and colleges supported in whole or in part by state funds, grant applications and lists of applications need only be submitted upon request to the budget agency for review and approval or disapproval and, unless disapproved by the budget agency, federal grant funds may be requested and spent without approval by the budget agency. Each institution shall retain the applications for a reasonable period of time and submit a list of all grant applications, at least monthly, to the commission for higher education for informational purposes.

For all university special appropriations, an itemized list of intended expenditures, in such form as the governor and the budget agency may specify, shall be submitted to support the allotment request. All budget requests for university special appropriations shall be furnished in a like manner and as a part of the operating budgets of the state universities.

SECTION 12. [EFFECTIVE JULY 1, 2017]

In accordance with IC 20-20-38, the budget agency, with the advice of the board of education and the budget committee, may proportionately augment or reduce an allocation of federal funds made under SECTION 11 of this act.

SECTION 13. [EFFECTIVE JULY 1, 2017]

Utility bills for the month of June, travel claims covering the period June 16 to June 30, payroll for the period of the last half of June, any interdepartmental bills for supplies or services for the month of June, and any other miscellaneous expenses incurred during the period June 16 to June 30 shall be charged to the appropriation for the succeeding year. No interdepartmental bill shall be recorded as a refund of expenditure to any current year allotment account for supplies or services rendered or delivered at any time during the preceding June period.

SECTION 14. [EFFECTIVE JULY 1, 2017]

The budget agency, under IC 4-10-11, IC 4-12-1-13, and IC 4-13-1, in cooperation with the Indiana department of administration, may fix the amount of reimbursement for traveling expenses (other than transportation) for travel within the limits of Indiana. This amount may not exceed actual lodging and miscellaneous expenses incurred. A person in travel status, as defined by the state travel policies and procedures established by the Indiana department of administration and the budget agency, is entitled to a meal allowance not to exceed during any twenty-four (24) hour period the standard meal allowances established by the federal Internal Revenue Service.
All appropriations provided by this act or any other statute, for traveling and hotel expenses for any department, officer, agent, employee, person, trustee, or commissioner, are to be used only for travel within the state of Indiana, unless those expenses are incurred in traveling outside the state of Indiana on trips that previously have received approval as required by the state travel policies and procedures established by the Indiana department of administration and the budget agency. With the required approval, a reimbursement for out-of-state travel expenses may be granted in an amount not to exceed actual lodging and miscellaneous expenses incurred. A person in travel status is entitled to a meal allowance not to exceed during any twenty-four (24) hour period the standard meal allowances established by the federal Internal Revenue Service for properly approved travel within the continental United States and a minimum of $50 during any twenty-four (24) hour period for properly approved travel outside the continental United States. However, while traveling in Japan, the minimum meal allowance shall not be less than $90 for any twenty-four (24) hour period. While traveling in Korea and Taiwan, the minimum meal allowance shall not be less than $85 for any twenty-four (24) hour period. While traveling in Singapore, China, Great Britain, Germany, the Netherlands, and France, the minimum meal allowance shall not be less than $65 for any twenty-four (24) hour period.

In the case of the state supported institutions of postsecondary education, approval for out-of-state travel may be given by the chief executive officer of the institution, or the chief executive officer's authorized designee, for the chief executive officer's respective personnel.

Before reimbursing overnight travel expenses, the auditor of state shall require documentation as prescribed in the state travel policies and procedures established by the Indiana department of administration and the budget agency. No appropriation from any fund may be construed as authorizing the payment of any sum in excess of the standard mileage rates for personally owned transportation equipment established by the federal Internal Revenue Service when used in the discharge of state business. The Indiana department of administration and the budget agency may adopt policies and procedures relative to the reimbursement of travel and moving expenses of new state employees and the reimbursement of travel expenses of prospective employees who are invited to interview with the state.

SECTION 15. [EFFECTIVE JULY 1, 2017]

Notwithstanding IC 4-10-11-2.1, the salary per diem of members of boards, commissions, and councils who are entitled to a salary per diem is equal to $100 per day. However, members of boards, commissions, or councils who receive an annual or a monthly salary paid by the state are not entitled to the salary per diem provided in IC 4-10-11-2.1.

SECTION 16. [EFFECTIVE JULY 1, 2017]

No payment for personal services shall be made by the auditor of state unless the payment has been approved by the budget agency or the designee of the budget agency.
SECTION 17. [EFFECTIVE JULY 1, 2017]

No warrant for operating expenses, capital outlay, or fixed charges shall be issued to any department or an institution unless the receipts of the department or institution have been deposited into the state treasury for the month. However, if a department or an institution has more than $10,000 in daily receipts, the receipts shall be deposited into the state treasury daily.

SECTION 18. [EFFECTIVE JULY 1, 2017]

In case of loss by fire or any other cause involving any state institution or department, the proceeds derived from the settlement of any claim for the loss shall be deposited in the state treasury, and the amount deposited is hereby reappropriated to the institution or department for the purpose of replacing the loss. If it is determined that the loss shall not be replaced, any funds received from the settlement of a claim shall be deposited into the state general fund.

SECTION 19. [EFFECTIVE JULY 1, 2017]

If an agency has computer equipment in excess of the needs of that agency, then the excess computer equipment may be sold under the provisions of surplus property sales, and the proceeds of the sale or sales shall be deposited in the state treasury. The amount so deposited is hereby reappropriated to that agency for other operating expenses of the then current year, if approved by the director of the budget agency.

SECTION 20. [EFFECTIVE JULY 1, 2017]

This act does not authorize any rehabilitation and repairs to any state buildings, nor does it allow that any obligations be incurred for lands and structures, without the prior approval of the budget director or the director's designee. This SECTION does not apply to contracts for the state universities supported in whole or in part by state funds.

SECTION 21. [EFFECTIVE JULY 1, 2017]

If an agency has an annual appropriation fixed by law, and if the agency also receives an appropriation in this act for the same function or program, the appropriation in this act supersedes any other appropriations and is the total appropriation for the agency for that program or function.

SECTION 22. [EFFECTIVE JULY 1, 2017]

The balance of any appropriation or funds heretofore placed or remaining to the credit of any division of the state of Indiana, and any appropriation or funds provided in this act placed to the credit of any division of the state of Indiana, the powers, duties, and functions whereof are assigned and transferred to any department for salaries, maintenance, operation, construction, or other expenses in the exercise of such powers, duties, and functions, shall be transferred to the credit of the department to which such assignment and transfer is made, and the same shall be
available for the objects and purposes for which appropriated originally.

SECTION 23. [EFFECTIVE JULY 1, 2017]

The director of the division of procurement of the Indiana department of administration, or any other person or agency authorized to make purchases of equipment, shall not honor any requisition for the purchase of an automobile that is to be paid for from any appropriation made by this act or any other act, unless the following facts are shown to the satisfaction of the commissioner of the Indiana department of administration or the commissioner's designee:

1. In the case of an elected state officer, it shall be shown that the duties of the office require driving about the state of Indiana in the performance of official duty.
2. In the case of department or commission heads, it shall be shown that the statutory duties imposed in the discharge of the office require traveling a greater distance than one thousand (1,000) miles each month or that they are subject to official duty call at all times.
3. In the case of employees, it shall be shown that the major portion of the duties assigned to the employee require travel on state business in excess of one thousand (1,000) miles each month, or that the vehicle is identified by the agency as an integral part of the job assignment.

In computing the number of miles required to be driven by a department head or an employee, the distance between the individual's home and office or designated official station is not to be considered as a part of the total. Department heads shall annually submit justification for the continued assignment of each vehicle in their department, which shall be reviewed by the commissioner of the Indiana department of administration, or the commissioner's designee. There shall be an insignia permanently affixed on each side of all state owned cars, designating the cars as being state owned. However, this requirement does not apply to state owned cars driven by elected state officials or to cases where the commissioner of the Indiana department of administration or the commissioner's designee determines that affixing insignia on state owned cars would hinder or handicap the persons driving the cars in the performance of their official duties.

SECTION 24. [EFFECTIVE JULY 1, 2017]

When budget agency approval or review is required under this act, the budget agency may refer to the budget committee any budgetary or fiscal matter for an advisory recommendation. The budget committee may hold hearings and take any actions authorized by IC 4-12-1-11, and may make an advisory recommendation to the budget agency.

SECTION 25. [EFFECTIVE JULY 1, 2017]

The governor of the state of Indiana is solely authorized to accept on behalf of the state any and all federal funds available to the state of Indiana. Federal funds received under this SECTION are appropriated for purposes specified by the federal government, subject to allotment by the budget agency. The provisions of this SECTION and all other SECTIONS concerning the acceptance, disbursement,
review, and approval of any grant, loan, or gift made by the federal government
or any other source to the state or its agencies and political subdivisions shall
apply, notwithstanding any other law.

SECTION 26. [EFFECTIVE JULY 1, 2017]

Federal funds received as revenue by a state agency or department are not available
to the agency or department for expenditure until allotment has been made by the
budget agency under IC 4-12-1-12(d).

SECTION 27. [EFFECTIVE JULY 1, 2017]

A contract or an agreement for personal services or other services may not be
entered into by any agency or department of state government without the approval
of the budget agency or the designee of the budget director.

SECTION 28. [EFFECTIVE JULY 1, 2017]

Except in those cases where a specific appropriation has been made to cover the
payments for any of the following, the auditor of state shall transfer, from the
personal services appropriations for each of the various agencies and departments,
necessary payments for Social Security, public employees’ retirement, health
insurance, life insurance, and any other similar payments directed by the budget
agency.

SECTION 29. [EFFECTIVE JULY 1, 2017]

Subject to SECTION 24 of this act as it relates to the budget committee, the budget
agency with the approval of the governor may withhold allotments of any or all
appropriations contained in this act for the 2017-2019 biennium, if it is considered
necessary to do so in order to prevent a deficit financial situation.

c) The following apply to a state employee who selects the next level Indiana fund:

(1) The state employee's initial transfer into the next level Indiana fund may not exceed twenty
percent (20%) of the balance in the state employee's account in the state employees' deferred compensation plan, as of the day before the effective date of the state employee's selection of the next level Indiana fund. (2) After the state employee's initial transfer into the next level Indiana fund, contributions made by the state employee, or on the state employee's behalf, into the next level Indiana fund each year may not exceed twenty percent (20%) of the total contributions to the state employee's account in the state employees' deferred compensation plan for that year. (3) If a state employee: (A) contributes not less than the amount the state employee initially designated to the next level Indiana fund in the state employees' deferred compensation plan for at least thirty-six (36) consecutive months; and (B) maintains in the next level Indiana fund in the state employees' deferred compensation plan the amounts transferred and contributed during that period; the state shall contribute on the state employee's behalf to the next level Indiana fund offering in the defined contribution plan established under section 1.5 of this chapter as a match ten percent (10%) of the total amount contributed by the state employee or on the state employee's behalf to the next level Indiana fund in the state employees' deferred compensation plan during that thirty-six (36) month period. In determining the state's match under this subdivision, the total amount contributed by the state employee or on the state employee's behalf excludes the amount of any state match under this subdivision or subdivision (3). (d) The state match under this section shall be paid from the personal services contingency fund. (e) The deferred compensation committee shall report to the budget committee every six (6) months concerning the following: (1) The number of state employees that have funds invested in the next level Indiana fund under this section. (2) The total amounts invested in the next level Indiana fund under this section, including the amount of any state match under this section.

that increases the amount of the state's contribution to the plan or that increases the post-employment
liability under the plan may not be made unless the modification is approved by the budget agency on or
before September 1 of each year, with an annual review of the modifications by the budget committee.
(b) Except as provided in this section and IC 5-10-14, the state agencies listed in subsection (a) may
not pay as the employer part of benefits for any employee or retiree an amount greater than that paid for
other state employees for group insurance.
(c) This subsection applies to a health benefit plan for an individual described in subsection (a). After
June 30, 2011, at least one (1) time in each state fiscal year, the budget agency shall determine the average
amount of contributions made under IC 5-10-8.5-15 and IC 5-10-8.5-16 to participants in a health
reimbursement arrangement or other separate fund under IC 5-10-8.5 in the immediately preceding state
fiscal year. In the state fiscal year beginning July 1, 2011, the amount determined under this section must

equal to the average amount determined under this subsection multiplied by the number of participants
(other than retired participants) in the plans described in subsection (a) shall be transferred to the plans
described in subsection (a). The amount transferred under this subsection shall be proportionally allocated
to each plan relative to the number of members in each plan. The amount allocated to a plan under this
subsection shall be allocated among the participants in the plan in the same manner as other employer
contributions. Funds shall be used only to reduce unfunded other post-employment benefit (OPEB)
liability and not to increase benefits or reduce premiums.
(d) Trust funds may be established to carry out the purposes of this section. A trust fund established
under this subsection is considered a trust fund for purposes of IC 4-9.1-1-7. Money may not be
transferred, assigned, or otherwise removed from a trust fund established under this subsection by the
state board of finance, the budget agency, or any other state agency. Money in a trust fund established
under this subsection does not revert to the state general fund at the end of any state fiscal year. A trust
fund established under this subsection consists of appropriations, revenues, or transfers to the trust fund
under IC 4-12-1. Contributions to a trust fund established under this subsection are irrevocable. A trust
fund established under this subsection must be limited to providing prefunding of annual required
contributions and to cover OPEB liability for covered individuals. Funds may be used only for these
purposes and not to increase benefits or reduce premiums. A trust fund established under this subsection
shall be established to comply with and be administered in a manner that satisfies the Internal Revenue
Code requirements concerning a trust fund for prefunding annual required contributions and for covering
OPEB liability for covered individuals. All assets in a trust fund established under this subsection:

according to the terms of the health plan; and
(2) are exempt from levy, sale, garnishment, attachment, or other legal process.
A trust fund established under this subsection shall be administered by the agency employing the covered
individuals. The expenses of administering a trust fund established under this subsection shall be paid
from money in the trust fund. Notwithstanding IC 5-13, the treasurer of state shall invest the money in

in the same manner as other public money may be invested by the public employees' retirement fund
under IC 5-10.3-5. However, the trustee may not invest the money in the trust in equity securities.
The trustee shall also comply with the prudent investor rule set forth in IC 30-4-3.5. The trustee
may contract with investment management professionals, investment advisors, and legal counsel
to assist in the investment of the trust and may pay the state expenses incurred under those
contracts from the trust. Interest that accrues from these investments shall be deposited in the trust
fund.
(e) On or before July 15 of each year, each state agency listed in subsection (a) shall submit to
the budget agency the current plan documents and any other related information for any common
and unified plan established under subsection (a) as well as any proposed modification to the plan
under subsection (a). The budget agency may request additional information from a state agency
listed in subsection (a) to analyze the impact of any proposed modification to the state's
contribution and post-employment liability under the plan. In addition, the budget agency may
enlist the assistance of the state personnel department and a third party, independent actuary to
analyze any information related to a proposed modification under this subsection and subsection
(a).

(f) If a state agency listed in subsection (a) fails to provide any information under subsection (e)
to the budget agency, the budget agency may recommend to the budget committee that the state
personnel department manage the state agency's common and unified plans established under
subsection (a) during the next succeeding calendar year.

(b) With the consent of the governor, the state personnel department may establish self-insurance
programs to provide group insurance other than life or long term care insurance for state employees and
retired state employees. The state personnel department may contract with a private agency, business firm,

the placement of the contract. The department may require, as part of a contract for administrative
services, that the provider of the administrative services offer to an employee terminating state
employment the option to purchase, without evidence of insurability, an individual policy of insurance.

(c) Notwithstanding subsection (a), with the consent of the governor, the state personnel department
may contract for health services for state employees through one (1) or more prepaid health care delivery
plans.

(d) The state personnel department shall adopt rules under IC 4-22-2 to establish long term and short
term disability plans for state employees (except employees who hold elected offices (as defined by
IC 3-5-2-17)). The plans adopted under this subsection may include any provisions the department
considers necessary and proper and must:

1. require participation in the plan by employees with six (6) months of continuous, full-time
   service;
2. require an employee to make a contribution to the plan in the form of a payroll deduction;
3. require that an employee's benefits under the short term disability plan be subject to a thirty (30)
day elimination period and that benefits under the long term plan be subject to a six (6) month

4. prohibit the termination of an employee who is eligible for benefits under the plan;
5. provide, after a seven (7) day elimination period, eighty percent (80%) of base biweekly wages
   for an employee disabled by injuries resulting from tortious acts, as distinguished from passive

(The department of state revenue and the department of workforce development shall cooperate with
the state personnel department to confirm that an employee has disclosed complete and accurate
information necessary to administer this subdivision. (6));
(7) provide that an employee will not receive benefits under the plan for a disability resulting from
causes specified in the rules; and
(8) provide that, if an employee refuses to:
(A) accept work assignments appropriate to the employee's medical condition;
(B) submit information necessary for claim administration; or
(C) submit to examinations by designated physicians;
the employee forfeits benefits under the plan.
(e) This section does not affect insurance for retirees under IC 5-10.3 or IC 5-10.4.
(f) The state may pay part of the cost of self-insurance or prepaid health care delivery plans for its
employees.
(g) A state agency may not provide any insurance benefits to its employees that are not generally
available to other state employees, unless specifically authorized by law.
(h) The state may pay a part of the cost of group medical and life coverage for its employees.
(i) To carry out the purposes of this section, a trust fund may be established. The trust fund established
under this subsection is considered a trust fund for purposes of IC 4-9.1-1-7. Money may not be
transferred, assigned, or otherwise removed from the trust fund established under this subsection by the
state board of finance, the budget agency, or any other state agency. Money in a trust fund established
under this subsection does not revert to the state general fund at the end of any state fiscal year. The trust
fund established under this subsection consists of appropriations, revenues, or transfers to the trust fund
under IC 4-12-1. Contributions to the trust fund are irrevocable. The trust fund must be limited to
providing prefunding of annual required contributions and to cover OPEB liability for covered
individuals. Funds may be used only for these purposes and not to increase benefits or reduce premiums.
The trust fund shall be established to comply with and be administered in a manner that satisfies the
Internal Revenue Code requirements concerning a trust fund for prefunding annual required contributions
and for covering OPEB liability for covered individuals. All assets in the trust fund established under this
subsection:
(1) are dedicated exclusively to providing benefits to covered individuals and their beneficiaries
according to the terms of the health plan; and
(2) are exempt from levy, sale, garnishment, attachment, or other legal process.
The trust fund established under this subsection shall be administered by the state personnel department.
The expenses of administering the trust fund shall be paid from money in the trust fund. Notwithstanding
IC 5-13, the treasurer of state shall invest the money in the trust fund not currently needed to meet the
obligations of the trust fund in the same manner as other public money may be invested by the public
employees' retirement fund under IC 5-10.3-5. However, the trustee may not invest the money in
the trust in equity securities. The trustee shall also comply with the prudent investor rule set forth
in IC 30-4-3.5. The trustee may contract with investment management professionals, investment
advisors, and legal counsel to assist in the investment of the trust and may pay the state expenses
incurred under those contracts from the trust. Interest that accrues from these investments shall
be deposited in the trust fund.

This date is the effective date of the member's selection.
3. A member may select any combination of the guaranteed fund (before January 1, 2017), the stable value fund (after December 31, 2016), or any available alternative investment funds, in ten percent (10%) increments or smaller increments that may be established by the rules of the board.
4. A member's selection remains in effect until a new selection is made.
5. On the effective date of a member's selection, the board shall reallocate the member's existing balance or balances in accordance with the member's direction, based on:
   a. for an alternative investment program balance, the market value on the effective date;
   b. for any guaranteed program balance, the account balance on the effective date; and
   c. for any stable value fund program balance, the balance of the member's account on the effective date.

All contributions to the member's account shall be allocated as of the last day of that quarter or at an alternate time established by the rules of the board in accordance with the member's most recent effective direction. The board shall not reallocate the member's account at any other time.
6. The provisions concerning the transition from the guaranteed program to the stable value fund program are met, as set forth in section 24 of this chapter.

(f) When a member who participates in an alternative investment program transfers the amount credited to the member from one (1) alternative investment program to another alternative investment program, to the guaranteed program (before January 1, 2017), or to the stable value fund program (after December 31, 2016), the amount credited to the member shall be valued at the market value of the member's investment, as of the day before the effective date of the member's selection or at an alternate time established by the rules of the board. When a member who participates in an alternative investment program retires, becomes disabled, dies, or suspends membership and withdraws from the fund, the amount credited to the member shall be the market value of the member's investment as of the last day of the quarter preceding the member's distribution or annuitization at retirement, disability, death, or suspension and withdrawal, plus contributions received after that date or at an alternate time established by the rules of the board.

(g) This subsection applies before January 1, 2017. When a member who participates in the guaranteed program transfers the amount credited to the member to an alternative investment program, the amount credited to the member in the guaranteed program is computed without regard to market value and is based on the balance of the member's account in the guaranteed program as of the last day of the quarter preceding the effective date of the transfer. However, the board may by rule provide for an alternate valuation date. When a member who participates in the guaranteed program retires, becomes disabled, dies, or suspends membership and withdraws from the fund, the amount credited to the member shall be computed without regard to market value and is based on the balance of the member's account in the guaranteed program as of the last day of the quarter preceding the member's distribution or annuitization at retirement, disability, death, or suspension and withdrawal, plus any contributions received since that date plus interest since that date. However, the board may by rule provide for an alternate valuation date.
This subsection applies after December 31, 2016. When a member who participates in the stable value fund program transfers the amount credited to the member from the stable value fund program to an alternative investment program, the amount credited to the member shall be the balance of the member's account, as of the day before the effective date of the member's selection or at an alternate time established by the rules of the board. When a member who participates in the stable value fund program retires, becomes disabled, dies, or suspends membership and withdraws from the fund, the amount credited to the member shall be the balance of the member's account as of the last day of the quarter preceding the member's distribution or annuitization at retirement, disability, death, or suspension and withdrawal, plus contributions received after that date or at an alternate time established by the rules of the board.

SECTION 55. IC 5-10.2-2-3.5 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2017]: Sec. 3.5. (a) As used in this section, "next level Indiana fund" refers to the next level Indiana innovation and entrepreneurial fund established by subsection (b).

(b) After December 31, 2017, the board shall establish and maintain an alternative investment program within the annuity savings account of the public employees' retirement fund, the pre-1996 account, and the 1996 account named the next level Indiana innovation and entrepreneurial fund. The board shall consult with the board of trustees of the next level Indiana trust fund established under IC 8-14-15.1 and the deferred compensation committee established under IC 5-10-1.1-4 in establishing the investment objectives and policies for the next level Indiana fund.

(c) The following apply to a member who selects the next level Indiana fund:

(1) The member's initial transfer into the next level Indiana fund may not exceed twenty percent (20%) of the balance in the member's account, as of the day before the effective date of the member's selection of the next level Indiana fund.

(2) After the member's initial transfer into the next level Indiana fund, contributions made by the member, or on the member's behalf, into the next level Indiana fund each year may not exceed twenty percent (20%) of the total contributions to the member's account for that year.

(3) If a member:

(A) contributes not less than the amount the member initially designated to the next level Indiana fund for at least thirty-six (36) consecutive months; and

(B) maintains in the next level Indiana fund the amounts transferred and contributed during that period;

the state shall contribute on the member's behalf to the next level Indiana fund as a match ten percent (10%) of the total amount contributed by or on the member's behalf to the next level Indiana fund during that thirty-six (36) month period.

(4) After the period described in subdivision (3), for each additional twelve (12) consecutive months that a member:

(A) contributes not less than the amount the member initially designated to the next level Indiana fund; and

(B) maintains in the next level Indiana fund the amounts transferred and contributed during that period;

the state shall contribute on the member's behalf to the next level Indiana fund as a match ten percent (10%) of the total amount contributed by or on the member's behalf to the next level Indiana fund during that twelve (12) month period. In determining the state's match under this subdivision, the total amount contributed by or on the member's behalf excludes the amount of any state match under this subdivision or subdivision (3).

(d) The state match under this section shall be paid from the personal services contingency fund.

2. the rate of normal contribution;
3. the unfunded accrued liability of the public employees' retirement fund, the pre-1996 account, and the 1996 account, which is the excess of total accrued liability over the fund's or account's total assets, respectively; and
4. the period, which must be thirty (30) years or a shorter period, necessary to amortize the unfunded accrued liability determined in subdivision (3).

(b) Based on the information in subsection (a), the board may determine, in its sole discretion, contributions and contribution rates for individual employers or for a group of employers.

(c) The board shall require an employer to make a supplemental contribution to the fund in addition to the amounts described in subsection (a)(3) and (a)(4) in an amount necessary to pay the employer's share of the fund's actuarial unfunded liability that other employers would otherwise be required to pay because the employer's employees are becoming members of the plan under IC 5-10.3-12 or IC 5-10.4-8 instead of the fund. The amount necessary to pay an employer's contribution under this subsection in full must be made in a lump sum or in a series of payments determined by the board.

(d) The board's determinations under subsection (a):

1. are subject to sections 1.5 and 11.5 of this chapter; and
2. may not include an amount for a retired member for whom the employer may not make contributions during the member's period of reemployment as provided under IC 5-10.2-4-8(e).

(e) If the board determines contributions and contribution rates for one (1) or more employers under this section differ from the contributions and contribution rates determined by the actuarial investigation under section 9 of this chapter, the board shall notify the interim study committee for pension management oversight of this fact by reporting the board's action to the legislative services agency in an electronic format under IC 5-14-6.

Sec. 3. Except as otherwise provided in this chapter or by federal law, and subject to the board obtaining any approval from the Internal Revenue Service that the board considers necessary or desirable, the provisions of this article that apply to the annuity savings account apply to an account established under this chapter.

Sec. 4. (a) The teachers' defined contribution plan is established for the purpose of providing amounts funded by an employer and a member for the use of the member or the member's beneficiaries or survivors after the member's retirement.

(b) The board shall adopt provisions to implement the plan established under subsection (a) as follows:

(1) The board shall initially offer the plan using the annuity savings account, subject to obtaining any approval from the Internal Revenue Service that the board considers necessary or desirable to preserve the qualified status of the plan and the fund. The plan as provided under this subdivision is a component within the fund.

(2) If the approval of the Internal Revenue Service to offer the plan using the annuity savings account cannot be obtained in a manner satisfactory to the board, the board shall offer the plan as a separate fund under Section 401(a) or another applicable section of the Internal Revenue Code.

(c) The board shall administer the plan.

(d) The board may adopt a plan document that it considers appropriate or necessary to administer the plan.

(b) An election under this section:

(1) must be made in writing;

(3) is irrevocable.

(c) An individual who does not elect to become a member of the plan becomes a member (as defined in IC 5-10.4-1-9) of the fund.

Sec. 7. (a) The plan consists of the following:

(1) Each member's contributions to the plan under section 9 of this chapter.

(2) Contributions made by an employer to the plan on behalf of each member under section 10 of this chapter.

The board may combine the two (2) subaccounts established under this subsection into a single account, if the board determines that a single account is administratively appropriate and permissible under applicable law.

(c) If a member makes rollover contributions under section 15 of this chapter, the plan shall establish a rollover account as a separate subaccount within the member's account.

Sec. 8. (a) Subject to the board obtaining any approval from the Internal Revenue Service that the board considers necessary or desirable, the board shall establish alternative investment programs (as described by IC 5-10.2-2-3) within the annuity savings account as the initial alternative investment programs for the plan. (d) Member contributions must be credited to the member's account as specified in IC 5-10.2-3.
(e) Although designated as employee contributions, the contributions made under subsection (b) by an employer must be picked up and paid by the employer instead of the contributions being paid by the employee in accordance with Section 414(h)(2) of the Internal Revenue Code.
(f) A member may not receive any amounts paid by an employer under this section directly instead of having the amounts paid to the plan.

Sec. 10. (a) An employer shall make employer contributions to the plan based on the rate determined under this section.
(b) The employer's contribution rate for the plan must be equal to the employer's contribution
rate for the fund as determined by the board under IC 5-10.2-2-11(b). The amount credited from
the employer's contribution rate to the member's account shall be the normal cost of the fund. Any
amount not credited to the member's account must be applied to the unfunded accrued liability of
the fund as determined under IC 5-10.2-2-11(c).
(c) Notwithstanding subsection (b), an employer's minimum contribution under this section is

For purposes of vesting in the employer contribution subaccount, only a member's full years of
participation in the plan may be counted.
(c) The amount that a member may withdraw from the member's account is limited to the vested
portion of the account.
(d) A member who attains normal retirement age is fully vested in all amounts in the member's
account.
(e) If a member separates from service with an employer before the member is fully vested in
the employer contribution subaccount, the amount in the employer contribution subaccount that
is not vested remains in the employer contribution subaccount as unvested employer contributions
until, and only to the extent that, the unvested employer contributions:
(1) become vested in accordance with subsection (b);
(2) are forfeited in accordance with subsection (f); or
(3) in some proportion, become vested under subdivision (1) and forfeited under subdivision
(2).
(f) A member forfeits unvested employer contributions in the member's employer contribution
account on the earliest of the following dates:

(g) Amounts forfeited under subdivision (f) must be used as determined by the board.
(h) A member may not earn creditable service (as defined in IC 5-10.2-3-1(a)) under the plan.
Sec. 12. (a) Subject to the provisions of the Internal Revenue Code applicable to qualified plan
distributions, a member who:
(1) terminates service in a covered position; and
(2) does not perform any service in a position covered by the fund for at least thirty (30) days
after the date on which the member terminates service;
is entitled to withdraw amounts in the member's account to the extent the member is vested in the
account. A member must make a required withdrawal from the member's account not later than the required beginning date under the Internal Revenue Code.

(b) A member may elect to have withdrawals paid as:

(1) a lump sum;
(2) a direct rollover to another eligible retirement plan; or
(3) if the member has attained normal retirement age, a monthly annuity in accordance with the rules of the board.

(c) The board may establish a minimum account balance or a minimum monthly payment amount in order for a member to select the monthly annuity option. The board shall establish the forms of annuity by rule, in consultation with the board's actuary. The board shall give members information about these forms of payment and any information required by federal law to accompany such distributions.

d) Unless otherwise required by federal or state law, the requirements and rules that apply to the distribution of the annuity savings account apply to distributions from a member's account.

Sec. 13. (a) If a member dies:

(1) while in service in a position covered by the plan; or
(2) after terminating service in a position covered by the plan but before withdrawing the member's account;

to the extent that the member is vested, the member's account shall be paid to the beneficiary or beneficiaries designated by the member on a form prescribed by the board. The amount paid must be valued as provided in IC 5-10.2-2-3. The board shall invest the total amount in the member's account in the stable value fund not later than thirty (30) days after receiving notification of a member's death.

(b) If there is no properly designated beneficiary, or if no beneficiary survives the member, the member's account shall be paid to:

(1) the surviving spouse of the member;
(2) if there is not a surviving spouse, the surviving dependent or dependents of the member in equal shares; or
(3) if there is not a surviving spouse or dependent, the member's estate.

(c) The beneficiary or beneficiaries designated under subsection (a) or a survivor determined under subsection (b) may elect to have the member's account paid as:

(1) a lump sum;
(2) a direct rollover to another eligible retirement plan; or
(3) a monthly annuity in accordance with rules of the board.

A monthly annuity is an option only on or after the date the beneficiary or survivor becomes sixty-two (62) years of age. The board shall establish the forms of annuity by rule, in consultation with the board's actuary. Further, the board may establish a minimum account balance or a minimum monthly payment amount that is required in order for a beneficiary or survivor to select the monthly annuity option.

Sec. 14. (a) All assets in the plan are exempt from levy, sale, garnishment, attachment, or other legal process.

(b) A member, beneficiary, or survivor may not assign any payment under this chapter except for the following:

(1) Premiums on a life, hospitalization, surgical, or medical group insurance plan maintained in part by a state agency.

(4) An individual retirement account or annuity described in Section 408(a) or Section 408(b) of the Internal Revenue Code.

(b) Any amounts rolled over under subsection (a) must be accounted for in a rollover account that is separate from the member's account in the plan. The member is fully vested in the member's rollover account.

(c) A member may direct the investment of the member's rollover account into any alternative investment option that the board may make available to the member's rollover account under section 8 of this chapter.

(d) A member may withdraw the member's rollover account from the plan in a lump sum or direct a rollover to an eligible retirement plan at any time. Upon attainment of normal retirement age, in addition to these payment options, the member may withdraw the member's rollover account as a monthly annuity as established by the board in accordance with the annuity options that are available for the member's account in the plan. A member shall make a required withdrawal from the member's account in the plan not later than the required beginning date under the Internal Revenue Code.

Sec. 16. (a) If a member becomes disabled while in a covered position, subject to any federal law limitations concerning qualified plan distributions and the member furnishing proof of the member's qualification for Social Security disability benefits to the board, to the extent that the member is vested, the member may make a withdrawal from the member's account.

(b) The member may elect to have the withdrawal paid as:

(1) a lump sum;

(c) An individual who did not elect to become a member of the plan resumes membership in the fund.

(d) An individual who returns to employment in a position covered by the plan having had an opportunity to make an election under section 6 of this chapter during an earlier period of employment is not entitled to a second opportunity to make an election under section 6 of this chapter.

3. Notwithstanding IC 8-15.5-5-2(2) providing that all improvements and real property must be owned by the authority in the name of the state or by a governmental entity, or both, the public-private agreement may provide that any improvements on any real property interests may be owned by the authority, a governmental entity, an operator, or a private entity.

SECTION 99. IC 20-26-7-1, AS AMENDED BY P.L.5-2015, SECTION 47, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]:

Sec. 1. (a) As used in this section, "charter school" has the meaning set forth in IC 20-24-1-4 and includes a group or entity seeking approval from an authorizer to operate a charter school under IC 20-24-3.

(b) Except as otherwise provided in this section, if a governing body of a school corporation determines that any real or personal property:

(1) is no longer needed for school purposes; or

(2) should, in the interests of the school corporation, be exchanged for other property;

the governing body may sell or exchange the property in accordance with IC 36-1-11.

(c) Money derived from the sale or exchange of property under this section shall be placed in any school fund:

(1) established under applicable law; and

(2) that the governing body considers appropriate.

(d) A governing body may not make a covenant that prohibits the sale of real property to another educational institution.

(e) This subsection does not apply to a school building that on July 1, 2011, is leased or loaned by the school corporation that owns the school building to another entity, if the entity is not a building corporation or other entity that is related in any way to, or created by, the school corporation or the governing body. Except as provided in subsections (k) through (n), a governing body shall make available for lease or purchase to any charter school any school building owned by the school corporation or any other entity that is related in any way to, or created by, the school corporation or the governing body, including but not limited to a building corporation, that:

(1) either:

(A) is not used in whole or in part for classroom instruction at the time the charter school seeks to lease the building; or

(B) appears on the list compiled by the department under subsection (f); and

(2) was previously used for classroom instruction;

in order for the charter school to conduct classroom instruction.

(f) Not later than August 1 each calendar year, each governing body shall inform the department if a school building that was previously used for classroom instruction is closed, unused, or unoccupied. The department shall maintain a list of closed, unused, or unoccupied school buildings and make the list available on the department's Internet web site. Each school corporation shall provide a list of closed, unused, or unoccupied buildings to the department by the date set by the department. The department must update the list not later than fifteen (15) days after being notified of a closed, unused, or unoccupied building.

(g) A school building that appears for the first time on the department's list under subsection (f) shall be designated as "Unavailable until (a date two (2) years after the school building first appears on the list)" if the governing body of the school corporation that owns the school building indicates to the department, on a form prescribed by the department, that the school building may be reclaimed during that period for classroom instruction. If a governing body does not indicate that a school building may be reclaimed, the governing body shall designate the school building as "Available" on the department's list. The governing body may change the designation of a building from unavailable to available at any time.

If the designation of a school building is "Available" on the department's list, the governing body of the school corporation that owns the school building may reclaim the school building for classroom instruction at any time before the submission of a letter of intent by a charter school under subsection (h) by indicating to the department, on a form prescribed by the department, that the school desires to reclaim the building for classroom instruction. The department shall remove...
the school building from the department's list under subsection (f). If a school building that is designated as "Available" on the department's list remains unused for classroom instruction one (1) year after being reclaimed under this subsection, the governing body shall designate the school building as "Available" on the department's list. A governing body may reclaim a school building only one (1) time under this subsection.

(h) If a charter school wishes to use a school building on the list created under subsection (f), the charter school shall send a letter of intent to the department. Within thirty (30) days after receiving a letter from a charter school, the department shall notify the school corporation of the charter school's intent, and, within thirty (30) days after receiving notification from the department, the school corporation that owns the school building shall lease the school building to the charter school for one dollar ($1) per year for as long as the charter school uses the school building for classroom instruction or for a term at the charter school's discretion, or sell the school building to the charter school for one dollar ($1). The charter school must begin to use the school building for classroom instruction not later than two (2) years after acquiring the school building. If the school building is not used for classroom instruction within two (2) years after acquiring the school building, the school building shall be placed on the department's list under subsection (f). If during the term of the lease the charter school closes or ceases using the school building for classroom instruction, the school building shall be placed on the department's list under subsection (f). If a school building is sold to a charter school under this subsection and the charter school or any entity related to the charter school subsequently sells or transfers the school building to a third party, the charter school or related entity must transfer an amount equal to the gain in the property minus the adjusted basis (including costs of improvements to the school building) to the school corporation that initially sold the vacant school building to the charter school. Gain and adjusted basis shall be determined in the manner prescribed by the Internal Revenue Code and the applicable Internal Revenue Service regulations and guidelines.

(i) During the term of a lease under subsection (h), the charter school is responsible for the direct expenses related to the school building leased, including utilities, insurance, maintenance, repairs, and remodeling. The school corporation is responsible for any debt incurred for or liens that attached to the school building before the charter school leased the school building.

(j) Notwithstanding anything to the contrary in this section, and With the sole exception of a waiver provided in subsection (m) this section, when a school building is designated as "Available" under subsection (g), the school building must remain designated as "Available", unless it is reclaimed under subsection (g), and may not be sold or otherwise disposed of for at least two (2) years. When the two (2) year period has elapsed, the school corporation may sell or otherwise dispose of the school building in accordance with IC 36-1-11.

(k) Notwithstanding subsection (e), a governing body may request a waiver from the department from the requirements of subsection (e). In order for a governing body to receive a waiver under subsection (n), the governing body must apply to the department, on a form prescribed by the department, for the waiver. The application must include a statement that the governing body believes that a charter school would not be interested in leasing or purchasing the vacant or unused school building.

(l) If the department receives a waiver request under subsection (k), the department, within five (5) days after receiving the waiver request under subsection (k), shall notify each charter school authorizer and statewide organization representing charter schools in Indiana by certified mail of the waiver request received under subsection (k). The notice must include a copy of the governing body's waiver request.

(m) Not later than thirty (30) days after a charter school authorizer or statewide organization representing charter schools in Indiana receives a notice described in subsection (l), the charter school authorizer or a statewide organization representing charter schools may submit a qualified objection to the governing body's request for a waiver under subsection (k). The qualified objection must be submitted
to the department in writing. In order for an objection to be considered a qualified objection by the
department, the objection must include:

(1) the name of the charter school that is interested in leasing or purchasing the vacant or unused
school building; and

(2) a time frame, which may not exceed one (1) year from the date of the objection, in which the
charter school intends to begin providing classroom instruction in the vacant or unused school
building.

(n) If the department receives a qualified objection under subsection (m), the vacant or unused school
building shall remain on the department's list under subsection (f) with the designation with which the
building is listed under subsection (g) at the time the department receives the waiver request. If the
department does not receive a qualified objection, the department shall grant the governing body's request
for a waiver. A governing body that receives a waiver under this subsection may sell or otherwise dispose
of the unused or vacant school building in accordance with IC 36-1-11.

(o) The governing body of the School City of East Chicago school corporation may request a
waiver from the department from the requirements of subsection (e) for the Carrie Gosch
Elementary School building. If requested, the department shall grant the waiver. To receive the
waiver, the governing body must apply to the department on a form prescribed by the department.

on the days day fixed in September and in February by the state board for a count of students under section 3 of this chapter and as subsequently adjusted not later than the date specified under the rules adopted by the state board. The state board may adjust the school's count of eligible pupils if the state board determines that the count is unrepresentative of the school corporation's enrollment. However, if the new charter school's enrollment estimate is greater than eighty percent (80%) of the new charter school's authorized enrollment cap, the department may use that enrollment estimate if the department has requested and reviewed other enrollment data that support that enrollment estimate. However, if the enrollment data requested and reviewed by the department does not support the enrollment estimate submitted by the new charter school, the department shall determine the estimated ADM based on the enrollment data requested and reviewed by the department. In each odd-numbered year, the department shall provide the new charter school's estimated ADM to the legislative services agency before April 10 of that year.

(1) student in-migration;
(2) illness;
(3) natural disaster; or
(4) other unusual conditions in a particular school corporation's enrollment;
on either a count day fixed by the state board or the subsequent adjustment date cause the enrollment to be unrepresentative of the school corporation's enrollment, the state board may designate another day for determining the school corporation's enrollment.

SECTION 122. IC 20-43-4-4, AS AMENDED BY P.L.205-2013, SECTION 276, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2017]: Sec. 4. (a) The state board shall monitor changes that occur after the fall count of ADM in the number of students enrolled in programs for children with disabilities. The state board shall:
(1) before December 2 of that same year; and
(2) before April 2 of the following calendar year;
make an adjusted count of students enrolled in programs for children with disabilities. The state superintendent shall certify the December adjusted count to the budget committee before February 5 of the following year and the April adjusted count not later than May 31 immediately after the date of the April adjusted count. The state board may adjust the school's count of students enrolled in programs for children with disabilities if the state board determines that the count is unrepresentative of the school corporation's enrollment.
(b) The department shall distribute special education grants under IC 20-43-7 using only the count specified in IC 20-43-7-1.

SECTION 123. IC 20-43-4-9, AS AMENDED BY THE TECHNICAL CORRECTIONS BILL OF THE 2017 GENERAL ASSEMBLY, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2017]: Sec. 9. (a) Subject to subsections (b) and (c), this subsection applies to the calculation of state tuition support distributions that are based on the current ADM of a school corporation. The fall count of ADM, as adjusted by the state board under section 2 of this chapter, shall be used to compute state tuition support distributions made in the first six (6) months of the current state fiscal year, and the spring count of ADM, as adjusted by the state board under section 2 of this chapter, shall be used to compute state tuition support distributions made in the second six (6) months of the state fiscal year.
(b) This subsection applies to a school corporation that does not provide the estimates required by section 2(b)(2) of this chapter before the deadline. For monthly state tuition support distributions made before the fall count of ADM is finalized, the department shall determine the distribution amount for such a school corporation for a state fiscal year of the biennium, using data that were used by the general assembly in determining the state tuition support appropriation for the budget act for that state fiscal year. The department may adjust the data used under this subsection for errors.
(c) If the state board adjusts a count of ADM after a distribution is made under this article, the adjusted count retroactively applies to the amount of state tuition support distributed to a school corporation affected by the adjusted count. The department shall settle any overpayment or underpayment of state tuition support resulting from an adjusted count of ADM on the schedule determined by the department and approved by the budget agency.

SECTION 124. IC 20-43-4-10 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2016 (RETOACTIVE)]: Sec. 10. (b) For the school year beginning after June 30, 2017, and ending before July 1, 2018, the ADM for the School City of East Chicago school corporation is the result determined under STEP THREE of the following formula:
STEP ONE: Determine the result of:
(A) the ADM determined under subsection (a); minus
(B) the ADM determined in accordance with sections 1 through 8 of this chapter for the
School City of East Chicago school corporation without regard to this section.

STEP TWO: Divide the result in STEP ONE by three (3), rounded up to the nearest whole
number.

STEP THREE: The School City of East Chicago school corporation's ADM is the following:
(A) The ADM determined in accordance with sections 1 through 8 of this chapter if the
result in STEP ONE is less than zero (0).

the preceding calendar year and January of the current calendar year if the grant had been based on
the count of students with disabilities that was made on the immediately preceding December 1;
minus
(2) the total amount of the special education grant received by the school corporation during the
months of July, August, September, October, November, and December of the preceding calendar
year and January of the current calendar year.
If the result determined under this subsection is positive, the school corporation shall receive an additional
special education grant distribution in February equal to the result determined under this subsection. If
the result determined under this subsection is negative, the special education grant distributions that
otherwise would be received by the school corporation in February, March, April, and May shall be proportionately reduced so that the total reduction is equal to the result determined under this subsection.

(c) The special education grant distributions made in February, March, April, May, and June of a calendar year shall be based on the count of students with disabilities that was made on the immediately preceding December 1.

(d) After June 30, 2016, In addition to the December 1 count, a second count of eligible pupils enrolled in special education programs shall be conducted. an honors diploma award for the following school year.
SECTION 131. IC 20-43-10-3.5 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO
READ AS FOLLOWS [EFFICIENT JULY 1, 2017]: Sec. 3.5. (a) As used in this section, "school"
means a school corporation, charter school, and a virtual charter school.
(b) Subject to the requirements of this section, a school qualifies for a teacher appreciation grant
as provided in this section for a state fiscal year if one (1) or more licensed teachers:
(1) employed in the classroom by the school; or
(2) directly providing virtual education;
were rated as effective or as highly effective, using the most recently completed teacher ratings.
(c) A school may not receive a teacher appreciation grant under this section unless:
(1) the school has in the state fiscal year in which the teacher appreciation grants are made
under this section:
(A) adopted an annual policy concerning the distribution of teacher appreciation grants;
and
(B) submitted the policy to the department for approval; and
(2) the department has approved the policy.
The department shall specify the date by which a policy described in subdivision (1) must be
submitted to the department.
(d) The amount of a teacher appreciation grant for a qualifying school corporation or virtual
charter school is equal to:
(1) thirty dollars ($30); multiplied by
(2) the school's current ADM.
However, the grant amount for a virtual charter school may not exceed the statewide average grant
amount.
(e) The following apply to the distribution of teacher appreciation grants:
(1) If the total amount to be distributed as teacher appreciation grants for a particular state
fiscal year exceeds the amount appropriated by the general assembly for teacher appreciation
grants for that state fiscal year, the total amount to be distributed as teacher appreciation
grants to schools shall be proportionately reduced so that the total reduction equals the
amount of the excess. The amount of the reduction for a particular school is equal to the total
amount of the excess multiplied by a fraction. The numerator of the fraction is the amount of
the teacher appreciation grant that the school would have received if a reduction were not
made under this section. The denominator of the fraction is the total amount that would be
distributed as teacher appreciation grants to all schools if a reduction were not made under
this section.
(2) If the total amount to be distributed as teacher appreciation grants for a particular state
fiscal year is less than the amount appropriated by the general assembly for teacher
appreciation grants for that state fiscal year, the total amount to be distributed as teacher
appreciation grants to schools for that particular state fiscal year shall be proportionately
increased so that the total amount to be distributed equals the amount of the appropriation
for that particular state fiscal year.
(f) The annual teacher appreciation grant to which a school is entitled for a state fiscal year shall
be distributed to the school before December 5 of that state fiscal year.
The following apply to a school's policy under subsection (c) concerning the distribution of teacher appreciation grants:

(1) The governing body shall differentiate between a teacher rated as a highly effective teacher and a teacher rated as an effective teacher. The policy must provide that the amount of a stipend awarded to a teacher rated as a highly effective teacher must be at least twenty-five percent (25%) more than the amount of a stipend awarded to a teacher rated as an effective teacher.

(2) The governing body of a school may differentiate between school buildings.

(3) A stipend to an individual teacher in a particular year is not subject to collective bargaining, but is discussable, and is in addition to the minimum salary or increases in salary set under IC 20-28-9-1.5. The governing body may provide that an amount not exceeding fifty percent (50%) of the amount of a stipend to an individual teacher in a particular state fiscal year becomes a permanent part of and increases the base salary of the teacher receiving the stipend for school years beginning after the state fiscal year in which the stipend is received. The addition to base salary is not subject to collective bargaining, but is discussable.

(h) A teacher appreciation grant received by a school shall be allocated among and used only to pay cash stipends to all licensed teachers employed in the classroom who are rated as effective or as highly effective and employed by the school as of December 1.

(i) The lead school corporation or interlocal cooperative administering a cooperative or other special education program or administering a career and technical education program, including programs managed under IC 20-26-10, IC 20-35-5, IC 20-37, or IC 36-1-7, shall award teacher appreciation grant stipends to and carry out the other responsibilities of an employing school corporation under this section for the teachers in the special education program or career and technical education program.

(j) A school shall distribute all stipends from a teacher appreciation grant to individual teachers within twenty (20) business days of the date the department distributes the teacher appreciation grant to the school. Any part of the teacher appreciation grant not distributed as stipends to teachers before February must be returned to the department on the earlier of the date set by the department or June 30 of that state fiscal year.

(k) The department, after review by the budget committee, may waive the December 5 deadline under subsection (e) to distribute an annual teacher appreciation grant to the school under this section for that state fiscal year and approve an extension of that deadline to a later date within that state fiscal year, if the department determines that a waiver and extension of the deadline is in the public interest.

(l) The state board may adopt rules under IC 4-22-2, including emergency rules in the manner provided in IC 4-22-2-37.1, as necessary to implement this section.
For a conversion charter school; the percentage determined under this STEP is the percentage of the
sponsor school corporation:

STEP TWO: Determine:

(A) for a charter school in the first year of operation; the STEP ONE amount; or
(B) for all other school corporations; the result of:
   (i) the STEP ONE amount; minus
   the school corporation's prior year complexity index; divided by
   (ii) three (3) for the state fiscal year beginning July 1, 2015, or two (2) for the state fiscal year
   beginning July 1, 2016:

STEP THREE: Determine the sum of:

(A) the prior year complexity index; plus
(B) the STEP TWO result; plus
   (C) for a school corporation that is not a charter school:
      (i) with at least twenty-five percent (25%) of its ADM eligible for the English language
      learners program; and
      (ii) that has a STEP TWO (B)(i) amount that is less than negative one-tenth (-0.1); the absolute value of the STEP TWO (B)(i) amount divided by four (4):

STEP FOUR: ONE: Determine the product of:
(A) the STEP THREE result; school corporation's complexity index determined under section
4 of this chapter; multiplied by
(B) three thousand four hundred eighty-nine dollars ($3,489) for the state fiscal year beginning
July 1, 2015, and three thousand five hundred thirty-nine dollars ($3,539). for the state fiscal year
beginning July 1, 2016.

STEP FIVE: TWO: Determine the product of:
(A) the STEP FOUR result; multiplied by
   (B) the school corporation's current ADM.
