

STATE REPRESENTATIVE JEFF ELLINGTON

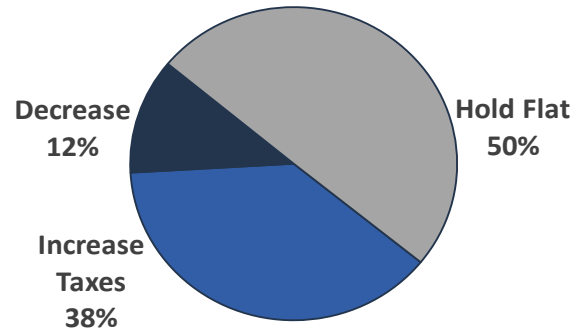

2020 Legislative Survey Results

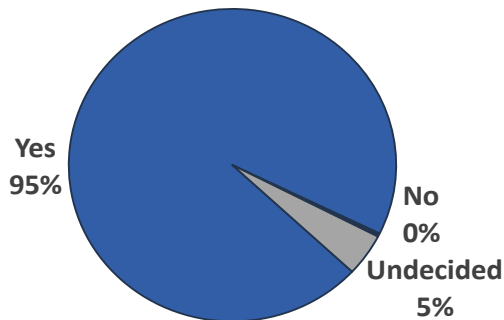

1. Would you support creating a new state excise tax on vaping products, similar to the state's cigarette tax?

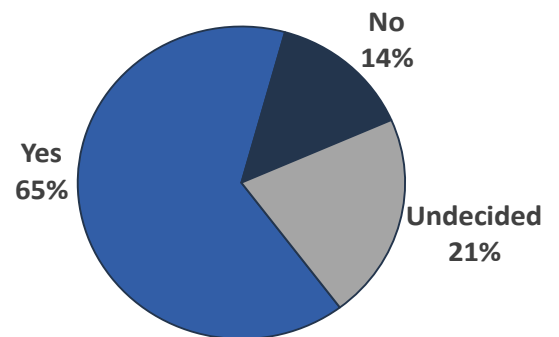

2. The state sends a total of \$7.3 billion in education funding directly to local schools – this figure does NOT include federal and local property tax dollars schools receive. This amount averages to over \$6,800 per student. The \$7.3 billion in state funding can be used for whatever educational purposes the school desires. Do you support increasing taxes for state education funding, or decreasing funding or holding flat state education funding?

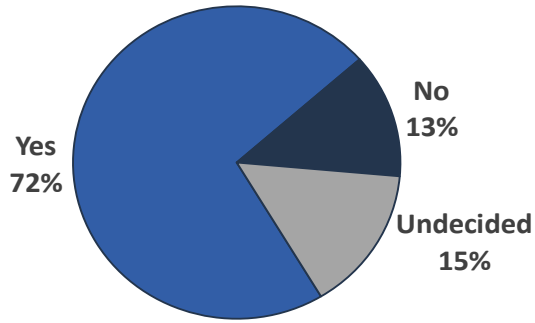

3. Surprise billing is when an individual goes to an in-network health care provider for a service, but is seen by an out-of-network physician. The patient then receives a large medical bill not covered by insurance. Would you support Indiana implementing more comprehensive protections against surprise billing?

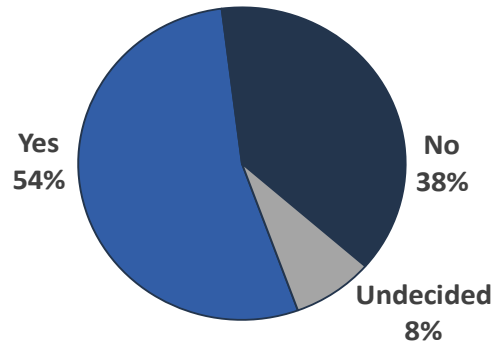

4. With record-low unemployment, should Indiana focus a majority of its economic development efforts toward attracting and sustaining higher-wage job opportunities instead of simply new jobs?

5. Should Indiana do more to ensure every community has access to fast, reliable broadband?

6. Do you support the decriminalization of marijuana?
