

# STATE REPRESENTATIVE DENNY ZENT

## 2020 Legislative Survey Results

1. Would you support raising the age to purchase tobacco and vaping products to 21?

2. Do you believe Hoosiers who are legally permitted to possess a handgun should be able to carry a handgun in public without first applying for and obtaining a state-issued license? This proposal is often referred to as "constitutional carry."

3. Surprise billing is when an individual goes to an in-network health care provider for a service, but is seen by an out-of-network physician. The patient then receives a large medical bill not covered by insurance. Would you support Indiana implementing more comprehensive protections against surprise billing?

4. According to the latest analysis, on average less than 60 percent of public school funding makes it to the classroom for things such as teacher salaries and instructional technology. This means that more than 40 percent of school expenditures are going toward items like corporation administrators, and operation and maintenance of facilities. Would you support legislation that would require increasing the amount of public school expenditures that go to the classroom?

5. Would you support raising the state's cigarette tax?
